The Lady Slipper's Club

Our club, Ladies Slipper Squares, has folded after fifty years of being active. The main reason most of the people were not wanting to continue was because of health issues or death. Obviously, there was also a lack of numbers. Attempts were made to get more new dancers, but, it failed. I plan to continue in September. I will be looking at the Acadian Region to see what can be done. The teaching would more than likely be done in French, but, using the English calls. Time will tell.

On another note, at the end of June I did call a dance at Camp Seggie for 40 university and high school students. It went very well and they had a great time.

Yours truly,
Real Caron

The Charlotte Twirlers Club

The Charlotte Twirlers Square Dance Club have had a good year. We have had approximately 42 dancers in attendance. This past year we had 3 class couples. Our club is fortunate to have 2 callers who share the weekly dances.

We hosted 5 special dances and had 20 regular dance nights. We had guest callers for 3 of the 5 special dances.

Respectfully submitted,
Christine and Martin Belanger
