

2015 Ontario Square & Round Dance Federation Inc. President's Report

With the completion of Festival 2014 SWOSDA turned their attention to doing another Festival in 2018. The bid has now been approved by Federation and Society.

The Ontario Federation in an ongoing effort to promote Square and Round Dancing gave each of the associations a grant of \$ 4000. To be used for promotion of Square and Round Dancing. Associations are expected to report back to us with any feedback.

We also recently approved the awarding three Trillium merit awards and one Trillium Long service award. Recipients are being contacted. We have lost some clubs and dancers but we also have some new clubs forming. We are always looking for new ways to recruit and keep new dancers.

Respectfully submitted

Wayne and Sharron Hall
