Criteria

a) Award of Excellence

The standards for this award are very high and therefore a nomination must be fully substantiated with details of the results of the accomplishment to be recognized. This might include news items, copies of publications, or copies of samples of the result of the candidate's work.

Accomplishments to be recognized are only those which are above and beyond the **normal activity**. For example, positions on committees, boards, etc. would not be considered, unless the work in that position resulted in an outstanding contribution to the movement which far exceeds that normally expected by an incumbent in that position.

Accomplishments which are local in scope will normally be recognized by local organizations; therefore Society awards will mainly be national in scope. However, this does not preclude the Society from also recognizing an exceptional local accomplishment and granting an Award of Excellence

Accomplishments can be in any field of endeavour, performed by any **individual** in the Canadian Square & round dance movement. Accomplishments could be a single exceptional result over a short period of time or a steady, above average devotion over a very long period of time.

Accomplishments should be original in nature or be the recognition of an opportunity not normally seen by others. The result may be reflected externally or internally. Externally, the accomplishment could enhance the future of the movement by providing more visibility in the public's mind. Internally, the accomplishment could be a positive improvement in the movement now, with some evidence that the improvement will be lasting. Improvements in organization or administration may also be recognized provided they lead to major improvements due to innovation.

b) Long Service Award:

The nominations **MUST** set out the **EXCEPTIONAL SERVICE** (non-profitable) the nominees have provided to the activity through involvement in their club(s), Associations, Federations, etc. Such service being beyond that of the average Dancer/Caller/Cuer/Leader. Length of service shall normally be a minimum of 15 years.

Decisions and Notification

Decisions on the granting of the award are made by the Board of Directors of the Canadian Square & Round Dance Society on receipt of nominations. The Board will make its decision within three (3) months of receipt of the application. The Chairperson of the Honours & Awards Committee, (A) informs the federation and the Nominator if its decision is negative. (B) A confidential positive decision will be forwarded to the federation and nominator concerned. The Society President (**or Delegate**) shall inform the successful candidate(s) via telephone.

NOTE: The final decision for the type or any Award will be made by the Board of Directors of the Canadian Square & Round Dance Society.

Presentation of Awards

Presentation of an award will normally be made at the next National Convention following a decision to grant an award. Awards presented in an absentia will be forwarded to the applicable Provincial Director for later presentation.

The President and Provincial Directors shall sign the Certificate.
