

### **Professional Development Report - July 20<sup>th</sup>, 2018**

We received 8 bursary applications: 1 withdrew, 6 from Ontario and 1 from BC. One of the callers has already attended the school that was offered.

During the last teleconference we asked about bursary application regulations concerning the cut off date . After a discussion with Beth it was decided that there was no need for changes . So if its not broke , don't fix it .

The caller lab document may not have application to us in Canada in all situations but it has valuable reference material that can be used in any number of areas and should be promoted to all.

Even in Canada we find what is successful in BC may have no effect in NB, yet there can be different bits of information gleamed from this document that would help promote dancing in all regions.

### **Membership/Web Site Report for AGM 2018**

Membership continues to decline. Total number of dancers as of June 30 2017 is 8,754 vs 9152 the previous year. In the upside, we are hearing there are some clubs holding successful recruitment drives.

New web site is up and running and seems to be working well. Changes are being made as required. Dan Roy continues to manage the Web site
