

Saskatchewan Square & Round Dance Federation Report for July 20th, 2018

Dancing in Saskatchewan continues to grow. The Swift Current Line Dance club joined the Federation bringing in one hundred new members. Another line dance club is poised to join this fall.

During the year two small rural square dance clubs folded up but Saskatoon and Regina host a beginner club each year. The biggest problem we have in rural areas is the travel distance. Inter club visiting is no longer possible as few dancers are willing to travel two hours before and after a dance. Clogging and Round dance clubs are active in a few locations.

Special weekend dances include Cypress Hills in May, Manitou Beach in June and our Federation annual in November. Dancing is one of the activities that is supported by Saskatchewan Lotteries. We certainly appreciate their help. We maintain a web site, (sksquaredance.com) and a link on the national web site, so please check for dates and join us when you can.
