NATIONAL CONVENTIONS / FESTIVALS

VOLUME 1

BIDDING

FOREWORD

1. National Conventions/Festivals is a publication in two volumes prepared by the Convention Coordinator of the National Society to help dancers bidding for and organizing Canadian National Square and Round Dance Conventions. It incorporates the experience of those who have organized previous conventions/festivals.
2. The words “Convention” or “Festival” may be chosen by the hosting organization. For simplicity this Guideline will use the word “Convention” to describe the event.
3. Volume 1 outlines the procedures to be followed on bidding for a convention and can be made available to all federations proposing to hold a national convention.
4. Volume 2 contains suggestions for the operation of a convention.
5. Both Volume 1 and Volume 2 are available at the Society's website: www.csrds.ca
6. Part of the task of the Convention Coordinator is to review the minutes of previous convention boards and Convention Final Reports in order to continually update these suggestions.
7. These two volumes were originally published June, 1986 and were based on the first set of guidelines published in 1980. An extensive revision of these

Guidelines was made in December 2003 to reflect the changes in the holding of major dances in Canada.

A third revision updating and modernizing these Guidelines was made March 2009.

A fourth updating revision was made February 2014

Each bidding organization will be allotted sufficient time, at the Annual General meeting, or by other arrangements as decided by the Board of Directors, to stress the important aspects of their bid. If there is more than one bid, the Board of Directors will use a point system to compare measurable items from the bidding detail sheets. The decision to accept and/or award any bid will be based on the submitted application and the judgment of the Board of Directors. The successful bid is traditionally announced at the National Convention closing ceremonies.

Items covered in the presentation and/or the detail sheets should cover at least the following:
