

## **Saskatchewan Directors Report**

Some, but not all, clubs in Saskatchewan resumed dancing last fall or this spring but the number of dancers was generally down from pre-Covid times. A number of clubs have folded and two clubs have suspended operation for the foreseeable future.

The Saskatchewan Square and Rounds Dance Federation will be providing operating grants to all active clubs to help with the resumption of dancing and promotional activities in the expectation that clubs will be operating in a more normal fashion this fall.
