

Square dancing on PEI, 2023 Report

Square dancing resumed Sept 2022, on PEI. Our numbers are definitely down from pre-pandemic, but we have a faithful group, and we have fun. We are still working to bring our dancers back to their pre-pandemic dancing level. We didn't do much traveling to other clubs, which are off-island, however, we did have some of our own special dances. We have only one club, which is located in Charlottetown. We are lucky enough to have two club callers. Our club finished earlier than usual this year because both of our club callers were going away on vacation in April of 2023.
