

Nominations Report to CSRDS Pre- AGM, 18 Aug., 2023

A normal tour as a provincial representative on the CSRDS Board of Directors is two years. This tour can be repeated indefinitely provided both the Director and the provincial Federation/Association/Club are in agreement. According to Society directives, in August of odd numbered years (the year normally preceding a National Convention) Provinces are requested to provide nominations to the Board of Directors for the following year. Generally, provincial Chairpersons will re-nominate incumbents who exhibit a willingness to continue as their representatives for a further term.

In order to proceed with the nominations process, Directors are requested to provide the following information:

1. Are you willing to remain as a provincial Director for a further term?
2. Contact information for the Chairperson of your Federation/Association/Club.

You may forward the information by email or, directly, at the Zoom meeting.

Respectfully Submitted

Eric McCormack
